DETAILED ACTION

Applicant's arguments filed 01/12/09 have been fully considered but they are not persuasive. The Amendment and the response submitted by Applicant do not overcome the rejection made by examiner in the last office action and for the following reasons:

Specification

The amendment filed 01/12/09 is objected to under 35 U.S.C. 132(a) because it introduces new matter into the disclosure. 35 U.S.C. 132(a) states that no amendment shall introduce new matter into the disclosure of the invention. The added material which is not supported by the original disclosure is as follows:

Note that the specification at page 5, line 9 has been amended to include a limitation ;"with the proviso that the 3-substituted phenol can not be resorcinol".

Applicant is required to cancel the new matter in the reply to this Office Action.

Claims 43-45 and 62-65 are rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for a phenol or a 3-substituted phenol or a 3,5-disubstituted phenol, does not reasonably provide enablement for the proviso that the 3-substituted phenol can not be resorcinol. The specification does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the invention commensurate in scope with these claims, for the reasons as stated in the last Office action.

Claims 66-68 are allowed.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
